WARNING

Keep away from fire.

This product is only for indoor use.

Serious or fatal crushing injuries can occur from furniture tip-over.

ALWAYS secure this furniture to the wall using tip-over restraints.

To further reduce the risk of serious injury and death from tip-overs:

- Place heaviest items in the lower drawer.
- Do not set TVs or other heavy objects on top of this product.
- Never let children climb or hang on drawers, doors, desks, or shelves.

IMPORTANT

- Before you begin: Lay out all parts on a clean surface to check if the tags and numbers are correct.
- Don't screw tightly before all the screws are put into the corresponding holes.
- Please use the screws correctly. Otherwise, you might damage the tabletop.

POWER STRIP SAFETY WARNING

- Do not overload the power outlets. Ensure the total power consumption does not exceed 1500W of the outlets.
- Avoid using the desk in humid environments to prevent electric shock or short circuits.
- Regularly inspect the power cords and outlets. If any damage is found (e.g., cracks, looseness, or burn marks), stop using the product immediately and contact a professional for repair or replacement.
- Do not unplug an electrical appliance by pulling its flexible power cord. Otherwise, it may damage the wire connection and cause danger.
- Do not spill food or liquids on the outlets.
- Place the desk where children cannot easily access the power outlets.
- Use childproof outlet covers to prevent accidental contact by children.
- Educate children not to climb on or pull the desk to avoid accidents.

Complete through collaboration.	Assemble on a clean, flat, and protective surface.	Phillips screwdriver or drill required (not provided).	Allow an assembly area at least twice the desktop size.
